

The Five Behaviors of a Cohesive Team™ Powered by Everything DiSC®

Facilitator Accreditation Course Syllabus

This syllabus describes the activities involved in completing this accreditation course.

The course typically opens seven days before your first live, virtual-classroom session. This enables you to complete the self-directed online activities in **Course Introduction** and **Module 1** before the live session. Modules 2 through 5 will follow, one module per week, each including a 90-minute live, virtual-classroom session.

You must complete ALL course activities (self-directed and live-session) in order to qualify to take the final exam. Upon successfully completing the course, you will receive the credential of The Five Behaviors of a Cohesive Team Accredited Facilitator. **Your accreditation will hold for two years**, at which point you may complete a one-time renewal course to continue your accreditation permanently.
